

## **REMARKS**

In response to the Final Office Action dated May 15, 2008 having a shortened statutory period for response set to expire on August 15, 2008. Applicant is submitting this response within two months of the mailing date of the Final Office Action to provoke an advisory action. Applicant respectfully requests entry and consideration of the following amendments and remarks.

Claims 1 - 28 are currently pending in the Application.

Claim 12 is currently amended in this Response.

Claims 1, 5 11, and 24 were previously presented.

### **I. Double Patenting**

The Office Action rejected Claims 1 – 28 under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1 – 9 of US Patent No. 7,162,234.

Applicant has filed a Terminal Disclaimer to overcome this rejection and paid the associated fees.

### **II. Drawings**

The Office Action objected to the drawings under 37 CFR 1.83(a) because they fail to show a client device (305) as described in the specification.

Applicant has attached Replacement Sheet for Figure 1 to show client device (305) as described in the specification; paragraph [00033]. Applicant believes no new matter has been added with this amendment. Reconsideration of the objection to the drawings is respectfully requested.

### III. Claim Objections

The Office Action objected Claim 12 because of the following informalities:

Claim 12, line 18, it is suggested to change “using power” to --- using the DC power ---.

Claims 12, line 22, it is suggested to change “the first antenna” to --- a first antenna ---.

Applicant has amended Claim 12 according to Examiner’s suggestions. Applicant believes no new matter has been added with these amendments. Applicant respectfully requests reconsideration of this objection.

Applicant appreciates the Examiner’s time and attention to this matter. Applicant believes no new matter has been added with any amendments that have been made. Applicant believes claims as now provided are in condition for allowance. Reconsideration of this application is respectfully requested.

Respectfully submitted,

Date: May 28, 2008
